PERSONAL OBJECTIVE

Dedicated and proactive individual aiming to contribute to a forward-thinking organization. Committed to supporting team success and helping drive organizational growth and development through collaboration and strategic initiatives

PROFESSIONAL EXPERIENCE

Android Developer/Lynex Software (FrontEnd Developer)

11/2022 – present

- Built cross-platform applications for Android, iOS, and desktop using **Kotlin Multiplatform (KMP)**.
- Shared business logic and APIs to streamline development across mobile and desktop platforms.
- Developed platform-specific UI components while leveraging shared KMP modules for scalability.
- Utilized tools like **Kotlinx Serialization**, **Ktor**, and **SQLDelight** to create robust and efficient applications.
- Designed and tested desktop applications, ensuring smooth functionality and user experience.
- Debugged and optimized shared modules for performance and compatibility.

PROJECT

Mitra Bar Billing – Desktop Application (Kotlin Multiplatform)

Designed and developed a **desktop-based bar billing system** using **Kotlin Multiplatform UI**, ensuring high performance and maintainability. Integrated **POS functionalities**, inventory tracking, and real-time invoice generation. Leveraged Kotlin's cross-platform capabilities to enhance user experience and streamline business operations.

Hotel Booking App (B2B & B2C) – Kotlin Multiplatform

Developed a cross-platform hotel booking application using **Kotlin Multiplatform**, enabling seamless functionality for both **B2B and B2C users**. Implemented **real-time availability**, secure payment integration, and multi-language support. Optimized shared business logic across platforms while ensuring a native experience for Android, iOS, and Desktop users

EDUCATION

BE/EEE, *Paavai College Of Engineering(Anna University)*

2017 – 2021

Percentage -74%

PROFESSIONAL CERTIFICATION

- Completed **CORE JAVA(Automation testing,Selenium and Maven)Programming**
- Achieved an eminent World record under the theme “**Longest lecture marathon by a team on Ethical Hacking, Python and Software Engineering with greatest number of spectators at a single venue**”.
